

## Academy of Root Development (Australia) Inc

a grass roots community development initiative

### Supporting Women's Empowerment through Self Help Groups and Micro-Credit

Your support will enable the women who have joined the Self Help Group (SHG) programme in India to develop opportunities for livelihood security and engender within them a greater sense of dignity.

Self Help Groups build self and group esteem, as well as providing practical skills for the women to develop Income Generating Activities. You will be helping more than 2000 women to support themselves and their families and to empower them in local village level decision-making.
